The Kirov Krasnyy Instrumental'shchik Plant has completed the year plan for production of measuring tools. It reduced the cost of production 16.7 percent.

COMPLETES YEAR PROGRAM -- Moscow, Pravda, 14 Dec 52

The Minsk Tool Plant imeni Chkalov is one of the first enterprises in the city to complete the year program for both gross production and variety of types of metal-cutting tools.

BLAME PLANT DIRECTOR FOR NONFULFILLMENT OF PLAN -- Moscow, Vechernyaya Moskva, 6, 23 Jan 53

[An article by M. Vinogradova in the 6 January 1953 issue of Vechernyaya Moskva blamed Zhil'tsov, director of the Moscow Frezer Plant, for nonfulfillment of the plant's production program and pointed out that he displayed a hostile attitude toward criticism. The article stated that, rather than profit by suggestions made for better operation, Zhil'tsov defended himself and blamed others for the disruption of the program.

On 23 January, Vechernyaya Moskva stated that it had been informed by Sokolov, secretary of the Kalininskiy Rayon Party Committee, that the rayon committee bureau had judged Vinogradova's article of 6 January and found the situation correctly reported. For attempting to suppress criticism and for a compromising attitude toward deficiencies, Zhil'tsov was severely reprimanded and the matter recorded, the paper said.]
